

# How Your Money Helps:

By fundraising for the MCKS Charitable Foundation UK you're helping to provide support to those in need within our communities across the UK. The charity is a non-profit organisation which means that all the money you raise is used to support our causes.

We want to continue to grow so we can help as many people as we can. This is only possible with your support:

Over 5,000 children facing very difficult life situations are supported by the schools' program weekly. Access to these basic provisions has helped to improve pupils' school attendance and performance (MCKS School Survey 2024).

The MCKS Charitable Foundation UK also supports community projects through grants. A new focus for 2024 is nurturing spaces and sensory gardens for schools.
